

Introducing the new “Minn-e” Hockey Stick Weight

Made and developed in Warroad, Minnesota, USA, by Lamplighter Hockey, LLC.

The NEW “Minn-e” has all the benefits of the original one pound Hockey Stick Weight by Lamplighter Hockey, including the following:

- Cleverly concealed in the hollow shaft of the stick
- Weight is distributed throughout the shaft of the stick
- Provides one pound of additional weight to the hockey stick for training purposes
- Can be inserted and removed within seconds
- Allows you to use most of your favorite sticks for training
- Converts easily back to a game ready stick
- Fraction of the cost of a weighted stick
- Provides a tight fit
- Easy to remove

PLUS

- Approximately half the length of the original Hockey Stick Weight by Lamplighter Hockey
- Compact size
- 21” long
- Stores easily in most hockey bags
- Shorter length makes it easy to carry in backpacks, store in lockers, etc.
- Ideal for sticks that have tapered shafts where space is limited
- **Fits many goalie stick shafts**
- **Fits lacrosse sticks**
- ***Custom team colors available***

Compact size...and packs the same punch as the original Hockey Stick Weight!
